

HOW GRANDY FITS INTO YOUR SCHOOL

Grandy is a fully self-paced financial literacy programme that works with or without timetabled lessons. Students access it from any device — school or home. Teachers have full visibility via the dashboard. No external facilitator required. No specialist financial knowledge needed.

Two modes, three schedules. Choose what fits your school — mix by year group.

Independent Learning

Students work through lessons on any device, at their own pace, in school or at home. Teachers monitor progress via the dashboard. No timetable slot required.

Hybrid Delivery

Teachers lead with provided slides and session cards, then students complete interactive lessons on the platform. Fits a 30-minute slot.

Focus Day

A full module in one day. Enterprise weeks, enrichment days, or collapsed timetable.

★ FLEXIBLE

Self-Paced Access

Students work independently over a half-term. No timetable slot needed. Dashboard tracks everything.

Weekly Slot

One 30-minute session per week in PSHE, tutor time, or enrichment. One module per half-term.

PROGRAMME OVERVIEW

YEAR	TIER	MODULES	TOPICS	LESSONS

Contact us for pricing: schools@grandy.app

Foundation-funded access is available for schools serving high-deprivation communities. Contact schools@grandy.app to find out if your school qualifies.

Curriculum Alignment: All modules mapped to the PSHE Association Programme of Study for financial education outcomes across KS3, KS4, and KS5. Content supports Ofsted's expectation of a coherent, progressive, and embedded programme. Grandy covers topics no other provider addresses: the psychology of financial decision-making, community and diaspora finance, the gig economy, financial abuse, and preparation for the AI economy.

How This Compares: Traditional financial literacy programmes deliver 3-5 hours of total contact time via external facilitators. Grandy delivers **159 lessons across 7 year groups** — a sustained, progressive programme embedded within your existing timetable or accessed independently. No external facilitator. No timetable disruption. Measurable impact at every stage.
